With all the different job portals out there, one would think it would be easy to find great candidates, however, that is not the case. I specialise in finding devs which is honestly the hardest space in the industry... [read more](#)

We are off to DARG this month again as we feel we didn't raise enough. Dog food, tin food, pellets, blankets, time, sharing anything helps... (what's DARG?)

Are you nervous to pitch a good tech idea in case it gets stolen? SwiftTechLaw is bound by attorney-client privilege. It's the safest way to take your unique tech ideas further. [Get in touch](#) for all your business & legal needs.
